

Lisa was born and raised in Newmarket, Ontario. She enjoys fishing, reading, camping and spending time with her family. She married her wonderful husband Dave in 1997, and they have 3 beautiful children - Emily, Lauren and Andrew. Lisa stayed home for 11 years with the kids and sold Tupperware for 8 years, working around her husband's shifts.

Lisa became involved with her kids' not-for-profit preschool, volunteering as the Fundraising Co-Ordinator. She did that for 2 years then became the Secretary of the Board for 1, was Co-Chair for a year and Chair of the Board for the last year her son attended the preschool.

Once the children started attending public school, Lisa became the volunteer Breakfast for Learning Program Co-ordinator and Snack Bin Program Co-ordinator, ensuring that all kids could start their day off with a meal if they weren't able to have one at home. The snack bins were in every classroom and could be accessed at any time all day for healthy snacks. Lisa did all of the shopping, scheduling of other volunteers and meal planning.

Lisa's husband Dave was diagnosed with Hodgkin's Lymphoma in late 2010: after a year of chemo and recovery, they took stock of their lives and realized that things needed to change. So Lisa and Dave moved the family to Mundare in August of 2013. Lisa currently works at Mundare Registry Ltd. full time. She also volunteers as Fundraising Co-Ordinator at Mundare School and with the Mundare Hockey Association when needed.

Lisa looks forward to being a part of this great community as a Councilor and helping Mundare be the best it can be!
