SERVING THE SUMMER VILLAGES OF:
ARGENTIA BEACH, GOLDEN DAYS, GRANDVIEW, MA-ME-O BEACH, NORRIS BEACH & POPLAR BAY

News Release August 25, 2017

The Councils of the Summer Village of Poplar Bay and the Summer Village of Grandview are pleased to announce the awarding of the contract for the construction of the local wastewater line through our two Summer Villages. PME Inc. will be installing the mainline from the south end of Grandview to the north end of Poplar Bay, including branch lines for service to streets adjacent to the lakeshore road.

Construction is scheduled to commence the third week in September and to be completed before the end of this year. All residences of both Summer Villages will be receiving a Notice of Construction soon from the contractor. The contractor will be using directional drilling in order to minimize disruption to the landscape.

Following completion of this mainline, both Summer Villages intend to construct the service lines to residences in 2018. Their completion is intended to coincide with the completion of the Phase 2 regional line and pump station that will service our Summer Villages as well as County of Wetaskiwin developments on the west side of Pigeon Lake.

Further updates will be provided when information becomes available. If you have any questions, please do not hesitate to contact your council representatives for this project: Don Davidson (403-860-1050) for Grandview or Brian Meaney (780-242-8172) for Poplar Bay.

Don Davidson
Mayor, Summer Village of Grandview

Deb McDaniel
Mayor, Summer Village of Poplar Bay
