ABANDONED GAS/OIL WELL INFORMATION

This application must include information provided by the AER identifying the location or confirming the absence of any abandoned wells within the parcel on which the building is to be constructed or, in the case of an addition, presently exists.

I/We, have viewed the abandoned well viewer. No wells are present on the property.

Signature of Applicant(s)

I/We, have viewed the abandoned well viewer. Abandoned wells are present on the property. The licensee responsible for each well has been contacted and the exact well location confirmed. The prescribed setback is: _____.

Signature of Applicant(s)

- any additional information discussed with the licensee that may have led to a change in the setback area must also be included
- a sketch of the proposed development incorporating the necessary setback area for each well, and
- if the development will result in construction activity within the setback area, a statement confirming that the abandoned wells will be temporarily marked with on-site identification to prevent contact during construction.

Attach a copy of the abandoned well viewer with your property highlighted.
