

## Chair's Report – February 25<sup>th</sup>

---

Since the last Library Managers' meeting, the Executive members have attended the following meetings:

- NLLS Executive & Board Meeting on November 1<sup>st</sup>
- TRAC Advisory Meeting on November 7<sup>th</sup>
- NLLS Executive Meeting on Monday, December 1<sup>st</sup>

Maureen Penn will be attending the NLLS Executive Meeting on Monday, February 23<sup>rd</sup>

Information of interest from these meetings:

- The issue of items only having one barcode was brought forth at the TRAC Advisory meeting. Peace Library System will look at the work flow.
- Plastic library cards at the time of the TRAC Advisory meeting in November had not been ordered.
- The Book Allotment Committee is willing to increase outside purchases to 40% but there need to be guidelines put in place. The committee will be meeting in February to discuss the guidelines and then present them to the NLLS Board at the March meeting. Some of the guidelines will include: items purchased through outside purchases need to have permanent records, be accessible to everyone and need to be added to the catalogue in a timely fashion.

Please remember to inform NLLS whether or not you will be attending this meeting so they can plan accordingly. I look forward to seeing everyone in Elk Point. Thank you!
