

Mayor Don Oborowsky has volunteered to haul away the dead plant material (biomass/algae masses) that has amassed on residents shorelines.

Residents can dump the dead plant material onto the trailer that is in the public works compound on the north side of the road (where the garbage dumpsters used to be placed).

The compound will be open from 10:00 am on Saturday to 2:00 pm on Sunday

May 7 & 8

May 14 & 15

May 21 & 22

May 28 & 29

This service is for the dead shoreline material ONLY – no wood, garbage, etc.
