The Town of Mundare is currently in a three year program to update all water meters to a radio frequency meter that can be read electronically.

For those people who had their meter changed, you will receive two bills for that month-one to the date the meter was changed and one from the date of change to the end of the month. The bill for the old meter will be estimated and the second bill will be on actual use. Please note that the total of the two bills may be a bit higher or lower than your previous bills-this is a result of the meter change.

-Please have your garbage out by 7AM on Tuesday's to ensure pickup

-Thanks to all who flatten their cardboard prior to putting it in the recycle bin. This allows us to utilize maximum capacity of the bin.
