

ITASKA AND SILVER BEACH FIRESMART CHIPPING EVENT

The Association of Summer Villages of Alberta (ASVA) has recently received a grant to implement a pilot FireSmart Chipping Event.

To participate just bring any woody vegetation debris that is on your property to the roadside the weekend of August 13th and 14th. On August 15th a crew with a chipper will collect and dispose of all the piles at no cost to the ratepayers and residents.

(Garbage and lawn clippings will not be collected)
