

Director's Report

19th October 2016

Andrew is officially up and running

NLLS has hired Heather Elliott as Bib Services Manager

Public Library Services Branch has topped up Hoopla, but it will not be enough. A further discussion will be needed at the next LMC meeting in February as to consequences and solutions.

Tal-online still continues to disappoint but TRAC is in negotiations with Innovative, our ILS provider, and there were may be a new initiative on the plate.

The new delivery van will be in use within the next two weeks. Due to courier being restricted we are looking at providing a second van run for thirteen of our libraries. We will be in-touch with those libraries to discuss options.

Please keep in mind in what you would like to see from that NLLS as will be starting to investigate for a new strategic plan very shortly.

Let us know if you hear of anything new for training that you would like to take and we will see if we can arrange it.
