

# Welcome to the Club!

**Be prepared to explore every corner of your library and enjoy adventures to places you've only dreamed of!**

Record the amount of time you have read each day in the Reading Log to collect points. Double points can be collected for reading books that focus on the monthly theme. Bonus points can also be collected by reviewing books or writing short book reports telling us about the awesome books you've read!

## Reading = Prizes

This session of Reading Rocks will run from March 1 - May 31, 2017.

## How the Reading Rocks Club Works!

- Collect 1 point for every 15 minutes you read.
- Collect double points when you read a theme book.
- Collect 5 points for writing a book review.
- Collect 10 points when you write a book report.

Must have a WPL Membership to participate. The books can be from anywhere (home, school library, borrowed from a friend or from WPL). Templates for book reviews and book reports are available at the circulation desk or on our website.

For every 10 points collected, your name gets entered into a draw for our grand prize to be drawn at the end of the session!

Tips for parents to encourage children to enjoy recreational reading:

1. Make sure they have plenty of access to reading materials!
2. Keep them interested by helping them choose books about things they're interested in!
3. Make reading a daily activity and create a habit!
4. Set an example by reading yourself!
5. Sign them up for a reading club!
