## Friends of The Libraries

### Lac La Biche County Libraries

Friends of the Libraries are  
volunteers who assist the Lac  
La Biche County Library  
Board in gathering support  
for our two branches in Lac  
La Biche and Plamondon, as  
well as, our remote  
circulation locations and  
Indigenous Communities.

Friends of the Libraries invite you to join us in expanding our services and programs to Lac La Biche County residents and our local Indigenous communities.

### Our Values

People Focused  
Respectfulness  
Friendliness  
Excellence  
Service to All  
Accountability

### Our Commitments to our Communities focus on:

- Creating Young Readers
- Making Informed Decisions
- Satisfying Curiosity
- Stimulating Imagination
- Succeeding in school

The celebration of cultural diversity is incorporated and reflected in all goals and activities.

### How you can help:

Friends of the Libraries are seeking financial support in these areas:

- Audio Recording Studio
- Collection Materials
- Program Expansion

### Donor Recognition

Lac La Biche County Library Board is a registered charity which can issue taxable receipts for any donations over \$10.

Major donors will be recognized on our donor wall and through our local media.

### More specifically, we need to:

- Increase our local collections so we can circulate maker space materials.
- Increase our educational kit selection.
- Add coding materials and kits to our maker space programming.
- Create an audio recording studio to record books for the print disabled library members all across Canada.
- Offer educational opportunities and stimulate the imagination through the use of new virtual reality technology.
- Expand our collection to include circulated iPads for our print disabled library members giving them an opportunity to try the device along with our library apps before purchasing.
- Replace our handheld magnifiers with newer models and add two electronic models to our circulating collection for the print disabled.
