

Update Info

I am slowly finding my way around the library and the files. The annual report, preparing for audit and any outstanding grant applications are my first priority. Linda is being very patient with my barrage of questions!

Programs

I have a long list of program ideas and hope to start implementing some in February once I've had a month under my belt. I would love any input/ideas from the board, staff, volunteers, or the public.

Grants and Donations

Other News

I am hoping to create more of a social media presence for the library. I am posting daily to the Facebook page and have established a twitter account. When time permits I will create an Instagram account.

Coming up this month...

1. Family Literacy Day- January 27th, Open House 3:30-6:30
2. #Readfor15Redwater
