- 2 hard copies

Process:

Upon receipt of the application with all supporting documentation, it will be reviewed to ensure it is complete. Review of a development proposal may be delayed if the form and/or additional information provided is incomplete. Should this happen we will contact you.

A complete development permit application is then referred for the purpose of notification and input to internal agencies, external agencies and landowners within a 1500 metre referral area.

An administrative report is prepared and the application is taken to the Municipal Planning Commission for decision. It is recommended that representatives of your organization attend in order to be able to respond to any questions from the Commission.

A permit comes into effect the 15th day after the date of issuance on the notice of decision. A person/company applying for the permit or a person affected by a decision or Development Permit issued by a Development Officer, may appeal to the Subdivision and Development Appeal Board (SDAB) within 14 days of the notice of issuance of a permit. The SDAB may confirm, revoke or vary any decision of the Development Officer, and Development Permit or any condition, or may make or substitute any decision or permit of its own.

In order to ensure time frames, please plan on having your application in a minimum of 8 weeks to complete the approval process. Once the approval process is in place, there will be conditions that need to be met prior to starting construction – example development agreement.

For any development abutting or within 800 metres of a provincial highway contact Alberta Transportation for setback requirements. Government rite # 310-0000, then at the prompt put in the following phone number 780-853-8178.

ABANDONED OIL & GAS WELL PROCESS FOR SUBDIVISION AND DEVELOPMENT

Effective November 1, 2012, the Subdivision and Development Regulation requires that an applicant applying for a development permit provide information on the location of abandoned oil & gas wells (if any), on the subject property. This information **MUST** be provided before a development permit application is considered complete.

The following outlines the process for determining if abandoned wells are located on the subject property:

1. Go to A.E.R. (Alberta Energy Regulator) website www.aer.ca, then select on the top of the page "Systems & Tools" – "abandoned well map" – "area of interest", then enter your legal land location (i.e. 5-55-15-4.)
2. The applicant must provide the following as part of their application:
 - The map from A.E.R. viewer of the subject property;
 - A list of all abandoned wells, including the surface coordinates;
 - A sketch of the proposed development showing the required setback area of each abandoned well;
 - Any additional information from Licensee(s) that led to a change in the setback;

If an abandoned well is **NOT** found, then the Applicant must sign in the space provided below confirming that there are no abandoned wells located on the property. **The Applicant MUST attach the map from A.E.R. Viewer of the property.**
