Development Permits

If you are building, renovating, demolishing, or moving buildings, a development permit is required. Development Permits are approving the development only, ensuring that the development complies with the Land Use Bylaws. You may apply for a development permit at the Summer Villages Office or on our web site. Additionally, permits are required for building, demolition, electrical, plumbing and gas. These permits must be obtained from Superior Safety Codes Inc. @ 1-888-358-5545 or @ 403-358-5545 once your Development Permit has been approved. For inquiries information please contact the Development Officer at 780-586-2494. “Please ensure all your development including fencing and landscaping is within your lot boundary”. For further information and to view the Land Use Bylaw please go to our web site at www.svofficepl.com.

Please Note: Placards are issued with the development Permit and must be in full view at the work site at all times while the work is in progress. Failure to follow the process of having the required Permits could result in a Stop Order being issued by the Development Officer.

Security Deposit Agreement:

A Security Deposit Agreement Form is required from the ratepayer when a new building is being constructed or a renovation is being done. The Agreement form and Security Deposit must be submitted to the Summer Villages Office when the Application for the Development Permit has been approved. The Development Permit will not be issued until the deposit and form have been received. Forms are available on the website www.svofficepl.com.

Insurance for Fire, Flood and Storm Damage

CHECK YOUR INSURANCE POLICY! Over past winter seasons, several buildings in other Summer Villages at Pigeon Lake have burnt to the ground. Residents are reminded that the annual fee the Village pays for fire protection only supports the maintenance of the fire department. If the volunteer fire department is called out to fight your fire, you will be billed for their services. Also check your insurance for flood and storm damage because the Summer Village is not responsible for these events.

House Numbers

With the use of the 911 Emergency call program, it is more important than ever that you display your municipal address in a prominent place. Please ensure that you have your municipal address posted in a place visible from the road. If you are unsure of your municipal number, please feel free to call the Summer Village Office at 780-586-2494 for confirmation.

Road Allowances

Please do not park or store vehicles, equipment, etc in the road allowance.

We would like to wish everyone a safe and enjoyable summer!

Don, Lisa and Randy
