PUBLIC WORKS REPORT

REPORT FROM: Public Works

DATE: July 24, 2018

I wrote my exams and we are still waiting on the results.

The summer student has started. A fine worker.

The new compressor has been installed at the water plant. Runs great.

The D-samples have been taken. The results are good.

Superior Pumps came in. Chemical pump is working fine.

We had a broken water valve, which Bill and his team replaced yesterday.

ADMINISTRATOR'S REPORT

REPORT FROM: Kathy Ferguson

DATE: July 24, 2018

Have received our MSI operating grant.

When I went to course in Czar it is recommended that PW do not find pins. The home owner should hire a surveyor to locate the pins.

Sent all the development permits for the last 5 years to MPS as requested.

I have to send the infrastructure information to them also.
