

Notice of Construction Activity

To : Residents/Business Owners of Ma-Me-O Beach

From : Mark Trenchard, Project Manager

Date: Aug 13, 2019

The Summer Village of Ma-Me-O Beach has hired us, Kantrax Contractors Ltd. to re-construct two local roadways within your neighbourhood. The construction work will involve two road closures, 6th Street and 7th Street between Highway 13A and 1st Avenue, as well as, some sidewalk improvements and temporary relocation of the mailboxes to the front of the Public Works Shop on Hwy 13A. Mailboxes will be placed back to its original location upon completion of the project.

Residents, business owners and garbage collection will have access to their driveways in the rear lanes, but access will be limited. People between 6th Street and 7th Street will have lane access from Highway 13A and people between 5th Street and 6th Street will have lane access from 5th Street.

Road closure barricades and 'No Park' signs will be placed in restricted areas. Please ensure your vehicles have been removed from these areas prior to 7:00am on Monday **August 19, 2019**. Please obey all road closure signs and familiarize yourself with the temporary lane access points.

We at Kantrax regard safety as a priority and would appreciate your assistance in informing your children that construction sites have many dangers and remind them to stay away from the construction areas. Public Safety will be monitored daily with respect to our construction zone and we respectfully ask that you take the necessary precautions as these areas will be barricaded off for your safety.

Please call Mark Trenchard at **780 220-5787** or Ray Xu at **780 986-3199** if you have any concerns regarding this work. The project is very weather sensitive and we will be working our best to ensure that we can complete your local road construction as soon as possible.
