# NOTICE - Summer Village of Grandview

## Road Construction – September 2019

Please be advised that ANT Construction from Red Deer has scheduled the final phase of the road construction project in the Summer Village of Grandview, scheduled to begin the week of September 3-6, 2019.

The final phase of the road construction project is expected to take 1 week (again depending on weather).

Any rain that falls will delay the project as dry weather is essential for the road cleaning, spraying and chip sealing.

**All residents are asked to not park any vehicles on the road or road shoulders when the work is being completed during this week.**

**Local resident access only permitted.**

The contractor will be start on Tuesday September 3, 2019, working from the Poplar Bay - Grandview border heading south towards Crystal Springs.

The work to be completed includes:

- Road cleaning – sweeping
- Seal Coat spraying
- Chip Sealing

If you have questions regarding access or parking in your area during construction, you may get directions from the Flag Person.

Please contact the Summer Village Office or a member of Council for all questions regarding the road construction project.

Thank you for your patience in this matter.
