Notice concerning COVID-19

Your Summer Village Council would like to advise of the actions taken by the Summer Village in response to the coronavirus pandemic.

1. The Emergency Coordination Centre was activated on March 17, 2020. This action will ensure our Regional Emergency Management Agency is able to coordinate directly with the provincial emergency management processes and notifications. Should the situation become dire, we are ready to declare a State of Local Emergency (SOLE).
2. We have reviewed all essential services for business continuity. As a Summer Village, we only have limited services provided by contractors.
3. The Summer Village Office has been closed to the public to limit close contact between people. Phone and email access continues to be available. Where practical, staff will be working from home. In addition, staff members have been trained in other functions to fill in when necessary.
4. Council has made the decision to close our playground as it would be difficult to ensure that it could be kept in a safe condition during the pandemic.
5. Signs are posted throughout the Summer Village reminding residents and visitors of the importance of Social Distancing.
6. Your Council urges all residents to follow the guidelines provided by the federal and provincial governments on hand washing, social distancing, self-isolation, and mandatory quarantine for returning travellers. Also, in true Grandview tradition, please keep in touch with your neighbors and safely provide assistance if necessary.

If further information or assistance is required, please do not hesitate to contact a member of your Council. The situation is being closely monitored, and further action will be taken if appropriate. We need everyone to take responsibility to help get through this difficult time.
