Principles of Resource Sharing among Alberta Public Libraries

Inclusions List November 2013

The "Inclusions List" represents those categories of material that resource sharing partners will lend, and will not lend--due to restricted access, heavy local demand, limited availability or the fragile nature of the material.

Definition of library resources: *Libraries Regulation:* Section 1(c): means any material, regardless of format, that is held in a library's collection and includes books, periodicals, audio recordings, video recordings, projected media, paintings, drawings, photographs, micromaterials, toys and games, kits, CD-ROMs and electronic databases.

Definition of resource sharing: *Libraries Regulation:* Section 1 (e): means making available to other libraries the library resources owned by a board, the information contained in those resources and the staff expertise required to locate and to make available the information or the library resources.
